

Safe Kids - Bicycle Helmets

The Parks & Recreation Department is proud to be an active member in the Salina Safe Kids Chapter. Our goal is to promote the health and safety of children in Salina and Saline County. Our role in the chapter is to distribute bike helmets. Bike helmets reduce the risk of head injury by 85% and the risk of brain damage by almost 90%. The bike helmets are available through our office at 300 W. Ash, Rm. #100. Bike helmets are available in four sizes; Toddler, Small/Medium Youth, Medium/Large Youth, and Adult. Helmet cost is only \$10.00 each. There is no limit on the number of helmets each family may purchase.

Salina Legacy Tree Fund

Legacy – something handed down from one generation to another. To help insure that future generations in Salina will have a well diversified urban forest on public lands, the Salina Tree Advisory Board has established the "Legacy Tree Fund." This program will enable private citizens or groups to donate money for the planting of trees in parks or other City property. What better way to celebrate the life of a loved one, an anniversary, the birth of a baby, etc. The reasons for giving are endless, but the result is the same: a living reminder of an event or a person that will provide many benefits for many people for years to come. There are several options for participation in this program. For more information, contact the City Forester at 826-7275, or pick up a brochure at the Parks & Recreation office, Room #100, City-County Building.

Tree Planting Cost Share Program

Trees are a valuable resource to the property owners and citizens of Salina. To offset the loss of trees, the Parks & Recreation Department offers a tree planting cost-share program. Initiated by the Salina Tree Advisory Board, this program will provide reimbursement for half the cost of purchasing a new tree to be planted by the resident on an approved site (up to \$25 per tree except for selected trees that are eligible for \$50 per tree). These trees can be planted on street parking or private land. The tree must be a species from the recommended list. Each landowner is allowed two (2) trees and the site must be approved by the City Forester. If you would like to participate in this program, please contact the City Forester at 826-7275. Brochures with more information are available at the Parks & Recreation Office.
